Claims 1-48 are presented for examination.

Applicants' amendment filed December 19, 2003 has been received and entered.

Accordingly, the rejections made under 35 USC 112, first paragraph; 35 USC 112, second paragraph and 35 USC 103 as set forth in the previous Office action at pages 2-6 are hereby withdrawn.

*Claim Rejections - 35 USC § 112*

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 1-12 and 14-48 are rejected under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for native cornstarch, does not reasonably provide enablement for any and all types of starches. The specification does not enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make or use the invention commensurate in scope with these claims.

It is not pointed out what are the other starches used in the invention since the term "a predetermined amount of starch" is broad and reads on any starch.

Claims 1-12 and 14-48 are not allowed.

To overcome this rejection, applicants may wish to amend claims 1-3 by inserting "native cornstarch".

*Claim Rejections - 35 USC § 112*

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-48 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1-3 are rendered indefinite by the phrase "a predetermined amount of starch". What is meant by this phrase? Applicants do not disclose or describe what predetermined amount of starch administered to said patient. The remaining claims 4-48 are rendered indefinite to the extent that they incorporate the above terminology.

Claims 1-48 are not allowed.
